AUTHOR Johnson, Frederic C.
TITLE A Directory of Scholarships and Financial Assistance Programs Available to Migrant High School Graduates.
INSTITUTION State Univ. of New York, Oneonta. Coll. at Oneonta.
PUB DATE Jun 85
NOTE 26p.
PUB TYPE Reference Materials - Directories/Catalogs (132)

EDRS PRICE MF01/PC02 Plus Postage.
DESCRIPTORS American Indians; Asian Americans; Blacks; *Disadvantaged Youth; Hispanic Americans; Mexican Americans; Migrant Adult Education; *Migrant Youth; *Minority Groups; Postsecondary Education; *Scholarships; *Student Financial Aid; *Student Loan Programs

ABSTRACT

Thirty-nine of the 97 financial assistance programs in this directory are awarded to disadvantaged, Mexican American, migrant, and minority postsecondary students. The other programs have more general requirements. Eighty-three of the listed programs are privately funded; 14 are federally funded. Each listing consists of the name of the assistance program and an address for further information. Eighty-two listings include eligibility requirements and amounts of assistance available Listings are arranged alphabetically by program name within six areas: (1) disadvantaged; (2) federal; (3) Mexican American; (4) migrant; (5) minority and; (6) miscellaneous. (LFL)

Miscellaneous 14

This directory is funded by the Bureau of Migrant Education, New York State Education Department with a grant from Chapter I-Migrant, Education Consolidation and Improvement Act, Section 143 through the United States Department of Education. The opinions expressed herein do not necessarily reflect the position or policy of the U.S.D.E. or the N.Y.S.E.D. and no official endorsement of these offices should be inferred.

INTRODUCTION

The scholarships and financial assistance programs described in this directory are samples of the many opportunities open to migrant high school graduates who wish to consider higher education. The programs included were brought to the attention of the Interstate Migrant Secondary Services Program by educators and others who responded to requests for scholarship information.

Each listing provides general information about the scholarship or assistance programs and contacts for further application. Deadlines vary among the programs, and students considering applying are advised to initiate contact promptly.

Like other information sources, this directory is an evolving one. Administrators, counselors and others who know of additional scholarship and financial aid programs are urged to share this information with the IMSSP to be included in further directory updates.

Copies of this directory are available at no charge by writing to or calling the IMSSP national office in Oneonta, New York.

DISADVANTAGED SCHOLARSHIPS

Special Programs for Students from Disadvantaged Backgrounds

Educational Opportunity Center
Special Services for Disadvantaged Students
Talent Search
Upward Bound

Dr. James Ormiston, Acting Director, Division of Student Services
Department of Education, 400 Maryland Avenue, S. W.
Washington, D. C. 20202
Telephone: 202/245-2511

Educational Opportunity Center - outreach program. Provides information on academic and financial assistance available to pursue postsecondary education.

Special Services for Disadvantaged Students - who are enrolled at an institution of higher education; support services, academic support, personal counseling.

Talent Search - Outreach program to recruit individuals to pursue postsecondary education. Tutorial services; support services to complete financial aid forms. Participants may not be enrolled in Upward Bound.

Upward Bound - high school students enrolled in school receive small stipend; academic support to pursue a program of education beyond high school.

FEDERAL SCHOLARSHIPS

Federal Programs

U. S. Department of Education
- College Work Study Program (CWSP)
- Guaranteed Student Loan Program (GSL)
- National Direct Student Loans (NDSL)
- Parent Loans for Undergraduate Students (PLUS)
- Pell Grant Program
- Supplementary Educational Opportunity Grant (SEOG) Program

U. S. Department of Health and Human Services
- Exceptional Financial Need Scholarship Program for First Year Students
- Health Educational Assistance Loan (HEAL) Program
- Health Professions Student Loan Program
- National Health Services Corps Scholarship Program
- Minority Access to Research Careers Program (MARC) Honors Undergraduate Research Training Awards

Other U. S. Department of Health and Human Services Programs
- Commissioned Officer Student Training and Extern Program (COSTEP)
- Professional Nurse Traineeship Program
- Nursing Student Loan Program

U. S. Department of Education provides for the largest and most commonly applied for financial aid programs. These programs are listed in he following paragraphs. Copies of the applications are available at postsecondary schools and high schools. The "Student Guide: Five Federal Financial Aid Programs, 1984-85" may be obtained by writing to Student Guide, Department DEA-84 Public Documents Distribution Center, Pueblo, Colorado 81009.

College Work-Study Program (CWSP) provides employment to students enrolled in colleges and eligible postsecondary institutions who need financial aid to meet college expenses. The financial aid administrator sets the student's work schedule.

Guaranteed Student Loan Program provides loans to students for educational expenses available from eligible lenders such as banks, credit unions, savings and loan associations, State agencies and schools. Students must be enrolled on at least a half-time basis in participating postsecondary institutions. The family income must be less than $30,000 or if over $30,000 the student must demonstrate financial need.

Undergraduate students may borrow up to $2,500 per year, to a total of $12,500. Graduate students may borrow up to $5,000 per year to a total of $25,000 (including loans made at the undergraduate level).

Deferment of payment may be granted during any period in which the borrower is attending a participating institution on a full-time basis, is engaged in approved graduate fellowship study or a course of study under a rehabilitation training program for disabled individuals, up to 3 years if temporarily totally disabled, up to 3 years while serving in the U. S. Armed Forces, the Commissioned Corps of the Public Health Service, Peace Corps, VISTA, or a comparable organization, or for a single period not exceeding 12 months if seeking and unable to find full-time employment, or up to 2 years while serving an internship required for professional practice.

National Direct Student Loans (NDSL) are available to students enrolled at least half time in a regular program of study at a participating school, and have need of financial assistance to continue. Aggregate loans may not exceed $12,000 for a graduate student including undergraduate loans; $6,000 for students who have not completed their bachelor's but have completed 2 years leading to a bachelor's degree; $3,000 for any other student. Repayment of the loan begins six months after a borrower ceases to carry at least one half the normal academic work load and is to be repaid within 10 years.

Parent Loans for Undergraduate Students (PLUS) are available to provide additional funds at 12 percent interest. Like GSL's, they are made by a lender such as a bank credit union, or savings and loan association. Parents of dependent undergraduates or graduates may borrow $3,000 per year. Independent undergraduates may borrow $2,500 per year. All borrowers must begin repaying a PLUS loan within 60 days, unless the borrower is entitled to a deferment. All borrowers must begin paying the interest within 60 days.

Pell Grant Program, formerly called the Basic Grant Program, makes funds available to eligible students attending participating colleges, community/junior colleges, vocational schools, technical institutes, hospital schools of nursing, correspondence schools and other participating postsecondary institutions. To be eligible an applicant must be an undergraduate student enrolled on at least a half-time basis. Awards will depend on program funding. During the 1984-85 award period, individual awards ranged up to $1,900. To apply for a Pell Grant, a student must complete the Federal form called "Application for Federal Student Aid" or one of several private or State need analysis applications which are used to determine eligibility for other sources of financial aid.

Supplemental Educational Opportunity Grant (SEOG) Program is for students with financial need and does not have to be paid back. Students must be enrolled at least half-time as an undergraduate or vocatonal student in a regular program of study at an educational institution participating in the program. Graduate students are not eligible. The amount of the award varies from $200 to $2,000 per year.

U. S. Department of Health and Human Services also administers programs of assistance for students enrolled in health professions programs.

Information on these programs may be obtained from the Health Resources and Services Administration, Bureau of Health Professions, 5600 Fishers Lane, Rockville, MD 20857 or the Office of Financial Aid at the school you plan on attending.

Exceptional Financial Need Scholarship Program for First-Year Students is for students with exceptional financial need. The program encourages students to pursue careers in medicine, osteopathy, dentistry, optometry, pharmacy, podiatry or veterinary medicine. Citizens or Nationals of the United States may apply as well as lawful permanent residents of Puerto Rico, Virgin Islands, Guam, the trust territory, or the North Mariana Islands. Scholarships will cover (1) cost of tuition for school year and other reasonable educational expenses plus a stipend of $530 per month for 12 consecutive months; (2) no service obligation accompanies the scholarship.

The Health Education Assistance Loan (HEAL) Program is similar to the Guaranteed Student Loan Program. Students of medicine, osteopathy, dentistry, podiatry, veterinary medicine and optometry may borrow up to $20,000 a year and a total of $80,000. Other students may borrow up to $12,500 per year and a total of $50,000. For students to take part in the program, their school must have an agreement with the Secretary of Health and Human Services.

The Health Professions Student Loan Program provides federally supported loans at participating schools of medicine, dentistry, osteopathy, optometry, pharmacy, podiatry and veterinary medicine for students who need assistance to pursue a full-time course of study. The amount of the loan depends upon the student's need as determined by the school; however, the maximum amount per academic year is the cost of tuition plus $2,500 or the amount of the financial need of the student, whichever is less. The loan is repayable over a 10-year period beginning one year after the student ceases to pursue a full-time course of study at a health professions school. Repayment on a loan may be deferred during periods of active military duty and service in the Peace Corps (up to three years each). Repayment may also be deferred during periods of advanced professional training, including internships and residencies. Obligation to repay the loan will be cancelled in the event of death, or permanent and total disability. If a student fails to complete health professions studies, any outstanding loans made for the costs of such studies may be repaid by the Federal Government if the student is in exceptionally needy circumstances, is from a low-income or disadvantaged family and cannot reasonably be expected to resume studies within two years. If an individual agrees to practice medicine, dentistry, osteopathy, optometry, pharmacy, podiatry, or veterinary medicine for at least two years in an area which has a shortage of his profession, the Federal Government will repay 60% (at the rate of 30% each year) of the outstanding principal and interest on the loan(s), and an additional 25% for a third year of practice in such an area.

National Health Service Corps Scholarship Program is a competitive program of the U. S. Public Health Service for students in programs of medicine, osteopathy, dentistry and other selected health disciplines.

Benefits include a stipend and payment of school tuition and fees. For each year of support, recipients are obligated to serve one year in full-time clinical practice serving populations in federally-designated areas of Health Manpower Shortage Areas of the United States. The minimum service obligation is 2 years. To request an application, write and specify medical, dental, or baccalaureate nursing discipline: NHSC Scholarships, Parklawn Building, 17 A-31,5600 Fisher's Lane, Rockville, MD 20857.

Minority Access to Research Careers Program (MARC) Honors Undergraduate Research Training Awards Program is designed to increase the number of well prepared minority students who can compete successfully for entry into graduate programs leading to the Ph.D. in a biomedical science. The criteria for selection of trainees includes evidence that the candidate has clear potential to perform at a high level in the biomedical sciences and that the candidate demonstrates a determination to subsequently enter graduate programs leading to the Ph.D. degree. Applicants must be minority honor students in their third or fourth year of college. The college or university must have an enrollment drawn substantially from ethnic minority groups such as American Indians, Blacks, Hawaiians, Mexican Americans or Puerto Ricans.

Each School will make awards for stipend and tuition support for five to ten students. The award may include travel expenses to one national meeting closely related to the project.

Apply for information or application to: Health and Human Services, United States Department of National Institutes of Health, National Institute of General Medical Sciences, Westwood Building, Bethesda, Maryland 20205.

Other U. S. Department of Health and Human Service Programs:

Commissioned Officer Student Training and Extern Program (COSTEP). College students who have successfully completed a minimum of one year of study in medical, dental or veterinary school prior to assignment, and students who have completed a minimum of two years of a baccalaureate program prior to assignment in dietetics-nutrition, engineering, nursing, pharmacy, therapy, sanitary science or medical record administration are eligible to participate in the COSTEP Program. COSTEP assignments fall into two major categories: Medical and Hospital Services, Research and Public Health Practice. Successful candidates are commissioned as reserve officers in the Commissioned Corps of the Public Health Service and called to active duty during vacation periods.

For further information write: COSTEP, Commissioned Personnel Operations Division, OPM/OM/PHS Room 4-35, 5600 Fishers Lane, Rockville, Maryland 20857 (301/443-6324).

Professional Nurse Traineeship Program helps registered nurses prepare to teach in the various fields of nurse training, to serve in administrative or supervisory capacities, to serve as nurse practitioners, or to serve in other professional nursing specialities requiring advanced training. Traineeships provide a living stipend and tuition and fees as set by the participating training institution not to exceed $5,040. Trainees are selected by the training institutions. Further information and a list of participating institutions are available from the: Division of Nursing, Bureau of Health Professions, Health Resources and Services Administration, Room 5C-26, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857.

Nursing Student Loan Program provides federally supported loans through participating schools of professional nursing for students who need assistance to pursue full-time or half-time courses of study. Amount of an individual loan depends on the general availability of student aid funds and on need as determined by the student's school; however, no loan may exceed $2,500 per academic year, and no student may receive more than a total of $10,000 for all years in loan assistance. The total loan is repayable over a 10-year period beginning nine months after the borrower completes or discontinues his other nursing studies. Repayment of a loan may be deferred during periods of active military duty and service in the Peace Corps and also during periods of advanced professional training in nursing. Obligation to repay the loan will be cancelled in the event of death or permanent and total disability. Moreover, under agreement with the Secretary for Health and Human Services, for at least two years of professional employment in an identified area of nursing shortage, up to 60% of all nursing education loans, regardless of their source, may be repaid; up to 85% for three years.

MEXICAN AMERICAN SCHOLARSHIPS

Association of Mexican American Educators
Otto Bremer Foundation
Vikki Carr Scholarship Foundation
Latin American Educational Foundation
Andrew W. Mellon Foundation
Mexican and American Foundation, Inc.
National Hispanic Scholarship Fund
Youth Opportunities Foundation

Association of Mexican American Educators - P. O. Box 3337, San Diego, California 92100 or P. O. Box 1483, Chula Vista, California 92012

Bremer (Otto) Foundation - Suite 700, 55 East 5th Street, St. Paul, Minnesota 55101.

$30,000 to Minnesota Migrant Council, Saint Cloud, Minnesota, for scholarships for Hispanic students to attend postsecondary educational institutions in Minnesota. Grants only to qualified organizations in MN, ND, and WI, with emphasis on communities where Bremer Bank affiliates are located.

Vikki Carr Scholarship Foundation - Send self-addressed stamped envelope to Box 5126, Beverly Hills, California 90210. Open to California Mexican Americans between ages 17 and 22. Deadline: April 30.

Latin American Educational Foundation - 3537 Tejon Street, Denver, Colorado 80211. Spanish surnamed young people in the state of Colorado who are in need of financial assistance to continue their college or vocational training are eligible.

Grants and loans are generally small, but no student is turned away. The Foundation does not finance any student's entire education, but assists many students in overcoming immediate financial crises. Funds are raised through individual contributions, as well as through private foundations and businesses.

The **Andrew W. Mellon Foundation** has awarded a grant to the College Board of New York City for scholarships to Hispanic high school seniors. The National Hispanic Scholar Awards Program is intended to focus on the career preparation of Hispanic high school students and to encourage their recruitment by colleges and universities.

The board will provide scholarships of $1,500 each to approximately 1,100 Hispanic high school seniors and honorable mention awards of $100 to another 1,100 seniors. Two hundred fifty honorable mentions will be made the first year, 350 the second year, and 500 the third year.

Contact The College Board, 888 Seventh Avenue, New York, NY 10106; 212/582-6210.

Mexican and American Foundation, Inc. - U. S. Grant Hotel, Suite 525, 326 Broadway, San Diego, California 92101. Application should be submitted by May 26th.

National Hispanic Scholarship Fund - Deadline May 1. College of Education Jaime Lugan, Ph.D., San Diego State University, 7200 Campanile, San Diego, California 92100.

Youth Opportunities Foundation - P. O. Box 45762, Los Angeles, California 90045. At least one parent must be of Mexican or other Latin American origin and a resident of California.

MIGRANT SCHOLARSHIPS

Joseph Mattera National Scholarship Fund for Migrant C..ildren
General Mills Foundation
National Migrant Foundation, Inc.
Ohio State University Migrant Student Scholarships

Joseph Mattera National Scholarship Fund for Migrant Children - BOCES Geneseo Migrant Center, Holcomb Building 210-211, Geneseo, New York 14454. Telephone: 716/245-5681.

General Mills Foundation - 9200 Waygata Boulevard, Minneapolis, Minnesota 55440.

$5,000 to Saint Edwards University, Austin, Texas for student financial aid programs for migrant workers. Giving is focused primarily in communities where substantial numbers of General Mills employees live and work. Type of support includes continuing support, fellowships or scholarships, and program development.

National Migrant Foundation, Inc. - Ms. Delores Franklin, Executive Director, P. O. Box 12306, Albany, New York 12212.

Ohio State University Migrant Student Scholarships - The Office of Minority Affairs (OMA) at Ohio State University has a scholarship program for migrant students. The University has received monies from the Campbell Soup Foundation designated for the support of Ohio resident migrant students interested in pursuing an undergraduate degree program at the Ohio State University, Columbus, Ohio.

The scholarship program will provide migrant students with an instructional support system that will ensure their success in college and maximize their learning potential; a counseling and guidance support system that will minimize their adjustment to college life and allow them to become an integral part of the university community; all possible financial aid opportunities in order to minimize any potential disruption of their educational program due to the lack of financial resources; and activities and an environment relevant to their culture in order to provide them with a continued sense of ethnic and cultural identity.

The Offices of Minority Affairs and Developmental Education are equipped to handle the influx of Spanish-speaking students with the following support services: academic advisement, basic skills, reading and writing laboratories, bilingual tutoring, career counseling, leadership and personal development, financial aid, and lecture and film series.

Campbell Scholarship recipients will be expected to apply for entitlement funds from the Federal Pell Grant and the State of Ohio Instructional Grant (OIG). These grants will present a gift aid allotment of $2,600. Campbell participants will be awarded the maximum work study allotment permissible, which will be another $1,400, giving the Campbell participant a total of $3,900 or 66% of their estimated budget of $5,800.

To meet the total budget for the projected expenses, the Campbell program will be responsible for $1,900 of the participants' budget, which represents the remaining 34%.

Applicants must be members of an ethnic minority group, i.e., Black, Hispanic, Native American, or Asian American; have cumulative grade point averages of 3.0 or better in a College Preparatory curriculum; qualify as residents of Ohio; and meet the definition of "migrant".

For additional information and application materials, write or call: Office of Minority Affairs - OSU, Campbell Soup Scholarships, 1000 Lincoln Tower, 1800 Cannon Drive, Columbus, Ohio 43210; 614/422-0964.

MINORITY SCHOLARSHIPS

American Fund for Dental Health
American Institute of Architects
American Newspaper Publishers Association Foundation
ARCO (Atlantic-Richfield Company)
Bell Laboratories
Hughes Aircraft Company
George E. Johnson Foundation and George E. Johnson Educational Fund
Martin Luther King, Jr. Scholarship Fund of Oregon
Legal Opportunities Scholarship Program
National Achievement Scholarship Program for Outstanding Negro Students
National Medical Fellowships, Inc.
National Society of Professional Engineers Educational Foundation
- NSPE - Boston University
- NSPE - Carnegie-Mellon University
- NSPE - The John Hopkins University
- NSPE - Prairie View A & M University

Southland Corporation (7-11 Stores)
Texas Scholarship Program for Ethnic Recruitment

Dental Scholarships for Minority Students are available through the **American Fund for Dental Health**. Students selected may receive up to $2,000 for their first year of dental school. Upon re-application and report of satisfactory progress, a grant for $2,000 may be renewed for the second year of dental studies. A maximum of $4,000 may be paid over a two-year period. Students must be U. S. citizens from the following minority groups under-represented in the dental profession: American Indians, Blacks, Mexican-Americans and Puerto Ricans. They must be entering their first year of dental school. Applications are available from the Student Affairs or Financial Aid Office of the dental school they plan to attend. Write: American Fund for Dental Health, Attn: Director of Programs, Suite 1630, 211 E. Chicago Avenue, Chicago, Illinois 60611.

American Institute of Architects - 1735 New York Avenue, N. W., Washington, D. C. 20006. AIA Minority Disadvantaged Scholarship Program. Candidates must be nominated for a scholarship by an individual architect or firm, an AIA component, a community design center, a guidance counselor, the dean or administrative head of an accredited school of architecture, or the director of a community or civic organization. Nominee must be a member of a minority group or a disadvantaged student who otherwise would not have the opportunity to be in professional architectural studies. Nominee must have completed high school or its equivalent. Students in junior college or technical schools are eligible. Students enrolled in a four-year curriculum who are transferring to or already enrolled in architecture are ineligible.

Scholarship awards vary according to individual need. Efforts are made to secure matching or supplementary funds from other sources.

American Newspaper Publishers Association Foundation - P. O. Box 17407, Dulles International Airport, Washington, D. C. 20041. Scholarships for Minority Journalism Students. This program is designed to help minority journalism students, especially those seriously considering a newspaper career, complete their undergraduate education. The candidate's interest in and aptitude for newspaper journalism and his or her financial need must be documented by the school or department head.

All applications for ANPA Foundation minority scholarships must be made through the candidate's journalism school or department. No applications are accepted directly from students.

Only journalism majors enrolled in or transferring to a school with sequences accredited by the American Council on Education for Journalism are eligible. A list of such institutions is available from the Foundation.

ARCO (Atlantic-Richfield Company) - California Maritime Academy, P. O. Box 1392, Vallejo, California 94590. Minority group members and women who are interested in pursuing careers in merchant marine. File SAAC with College Scholarship Service by March 1.

Bell Laboratories - 600 Mountain Avenue, Murray Hill, New Jersey 07974. Bell Laboratories Engineering Scholarship Program (BLESP). Applicant must be a U. S. citizen who is a member of minority group. Scholastic aptitude and performance, recommendation of high school teachers and counselors, character, motivation and career interest in the engineering profession, and admission to an engineering curriculum designated by Bell Laboratories are criteria.

Scholarship provides tuition, either dormitory room and board or other living allowance during school attendance, required books and supplies and any other support that is determined according to individual circumstances and needs. Ten or more weeks of temporary employment at a nearby Bell Laboratories location each summer preceding each college year is also awarded.

Hughes Aircraft Company (California) - Black, Hispanic, American Indian with GPA 3.0 or better. Planned major in electrical, mechanical, aerospace engineering or computer science. Deadline: March 1.

The George E. Johnson Foundation and **The George E. Johnson Educational Fund** - 8522 South Lafayette Avenue, Chicago, Illinois 60620. Applicants must be minority citizens of the United States; have been accepted as full time students by accredited four-year colleges or universities in the United States; show proof of financial need; have exhausted all other sources of financial aid; and show evidence of self-help.

Students who are in attendance at a college or university must have received financial aid through the college or university prior to receiving Foundation/Fund aid unless there has been a change in financial situation. A copy of the institution's Need Analysis must be sent to the Foundation to be considered for a grant.

The amount of the grant is individually determined after students receive notification of the amount available to them through the colleges and universities of their choice. Grants are made payable jointly to the student and institution. Grants are renewable based on satisfactory progress, continued financial aid, and request.

Grants are available for undergraduate study only. Preference is given to high school students who will enter their freshmen year of college, who attend colleges and universities that offer the maximum amount of aid available, and who will be majoring in either pre-medicine, pre-law, pre-dentistry, architecture, business administration, chemistry, engineering, physics and other hard sciences, and those areas of study not traditionally pursued by minority students.

Applications may be requested between February 1st and March 31st; applications must be filed by August 31st. Apply for information or application to above address.

Legal Opportunities Scholarship Program - Suite 4400, One IBM Plaza, Chicago, Illinois 60611.

A formal application must be filed. Each applicant must have been accepted by one of the participating schools: University of Chicago, DePaul, Chicago-Kent, Loyola, and Northwestern Universities, and the University of Illinois. Candidates must have taken the Law School Admission Test, have financial need and live in the Chicago area. Each recipient must attend full-time and graduate within the normally prescribed time of three years.

A LOSP award consists of a grant of tuition by the participating law school and a living expense grant by LOSP of up to $2,000 per year.

The purpose of the program is to increase the number of Black and other minority group lawyers in the Chicago area.

Support for each student continues through the completion of the full three-year course of study. Renewal of awards is not automatic. Each second and third year student is required to submit a transcript of the previous year's academic performance and a statement of good standing with the law school. Legal Opportunities Scholarship Program also helps awardees in obtaining summer employment with major law firms and legal services in the Chicago area.

Apply for information or application to: Legal Opportunities Scholarship Program, c/o Chicago Urban League, 2400 West Madison, Chicago, Illinois 60611.

Martin Luther King, Jr. Scholarship Fund of Oregon - P. O. Box 751, Portland State University, Portland, Oregon 97207.

Applicants must be students of Black or minority background who reside in the Portland, Oregon Metropolitan Area. A grade point average of 3.0 during the past term is required, as is a verifiable financial need. Each applicant must indicate admission to a postsecondary institution.

Minority and disadvantaged students are assisted in pursuing their college educations by means of this fund which was established in 1968. Recipients are asked to make a commitment to help publicize, raise money and/or support the local Black Community through MLK.

The Board of Directors for Scholarship Applications has set the following deadlines for filing applications: Fall Term - July 31, Winter Term - December 2, Spring Term - March 3.

Apply for information or application to MLK Scholarship Office, Room 431 Smith Memorial Center, above address.

National Achievement Scholarship Program for Outstanding Negro Students - 990 Grove Street, Evanston, Illinois 60201. Black students enter the competition for Achievement Scholarships when they take the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT), which is given each October. They indicate on the test answer sheet that they are Negroes who are citizens of the United States and wish to receive consideration in the Achievement Program. Such Black students participate simultaneously in both the Achievement Program and the Merit Program, which are separately administered by the National Merit Scholarship Corporation (NMSC).

Semifinalists must continue to meet the student eligibility requirements and must: be enrolled full time in the final year of high school and plan to enter a regionally accredited United States college or; be enrolled as a full-time student in college after spending three years or less in grades 9 through 12; plan to enter a regionally accredited United States college no later than the fall following completion of high school; maintain high academic standing, documented by a report of his academic record submitted by the secondary school; be fully endorsed and recommended for Achievement Scholarship consideration by the secondary school principal; confirm PSAT/NMSQT scores by an equivalent performance on the Scholastic Aptitude Test (SAT) of the College Entrance Examinaton Board; supply information requested on the scholarship application provided by the Achievement Program and give the application to the principal (or designated school official) to complete and return to the Achievement Program.

About 550 Achievement Scholarships are awarded annually. The three types of scholarships offered are as follows:

1. National Achievement $1,000 Scholarships. About 325 National Achievement $1,000 Scholarships are awarded each year, allocated to winners on a regional representation basis. Winners are selected without regard to financial need.
2. Corporate-sponsored four-year Achievement Scholarships. Some 125 renewable Achievement Scholarships are awarded annually, supported by corporations, foundations, and business organizations. Winners of these four-year Achievement Scholarships are chosen from among Finalists who meet the particular qualifications the grantor specifies. The minimum stipend for a corporate-sponsored four-year Achievement Scholarship is $250 per year, or more in some instances; the usual is $1,500.
3. College sponsored four-year Achievement Scholarships. Over 100 college-sponsored Achievement Scholarships are offered annually by United States colleges and universities that participate as Achievement Program sponsors.

National Medical Fellowships, Inc. awards scholarships to members of the four under-represented minority groups who have been accepted by or are attending accredited schools of allopathic and osteopathic accredited schools of medicine in the U. S. Applicants must be U. S. citizens.

Most NMF awards are based on financial aid/need and are awarded to first and second year medical students. Special merit awards are given to outstanding juniors and seniors.

Applications should be requested from The Scholarship Program, National Medical Fellowships, 250 West 57th Street, New York, NY 10107.

National Society of Professional Engineers Racial Minority Grants - 2029 K Street, N. W., Washington, D. C. 20006. Applicants must be Native American Indians, Blacks, Chicanos and Puerto Ricans. They must be seniors and rank in the upper one-fourth of their high school class or be otherwise recommended by their principal, and be citizens of the United States or plan to become naturalized citizens. Candidates may attend the college or university of their choice, provided that the engineering curriculum selected is accredited by the Engineers' Council for Professional Development. A formal application must be filed. Applicants will be judged on the basis of their high school record, including academic standing, participation in extracurricular activities, evidence of leadership, character and self-reliance, comments of teachers and administrators, financial need, and the results of the Scholastic Aptitude Test or the American College Testing Program.

Two one-year grants of $1,000 each are awarded annually.

Applications must be submitted by November 15th; selection of recipients will be made by January 31st.

NSPE-Boston University - Boston University, College of Engineering, 110 Cummington Street, Boston, Massachusetts 02215. 20 Unrestricted Scholarships, 5 Scholarships for Women, 5 Scholarships for Minority Persons (Minimum of $3,000 annually for 4 years).

Thirty four-year scholarships worth at least $3,000 annually are made to incoming freshmen pursuing a degree in any field of engineering at Boston University. Five scholarships are dedicated to women and five are dedicated to an Afro-American, Mexican American Puerto Rican or Native American Indian, since these groups are so severely under-represented in the engineering profession. All thirty awards may range up to full tuition depending upon need as determined from the Financial Aid Form (FAF) filed by the student through the College Scholarship Service and designating Boston University as the recipient.

The Boston University College of Engineering is a small college of about 2,000 students incorporated within a large university. The ten undergraduate Schools and Colleges of Boston University offer more than 140 major areas of study to an undergraduate student body of 12,900 students representing 50 states and 80 foreign countries.

Approximately 30% of its present engineering students are women and about 25% are minorities, two groups greatly under-represented in most engineering schools.

Boston University's College of Engineering provides professional degree programs in Aerospace Engineering, Biomedical Engineering, Computer Engineering, Electrical Engineering, General Engineering (for student-planned programs in interdisciplinary or innovative areas such as Chemical Engineering, Architecture and Environmental Engineering or Engineering Management), Manufacturing Engineering, Mechanical Engineering, and Systems Engineering.

NSPE - Carnegie-Mellon University - 5000 Forbes Avenue, Pittsburgh, Pennsylvania 15213. 20 Unrestricted Scholarships; 5 Scholarships for Minority Persons. Minimum of $2,500 annually for 4 years.

Twenty-five four-year scholarships are awarded annually, valued at a minimum of $2,500 annually to incoming freshmen. Five of these scholarships are reserved for Blacks, Hispanics, or American Indians. All awards could range up to the cost of tuition, based upon demonstrated financial need as determined by the College Scholarship Service using the Financial Aid Form.

Carnegie-Mellon University is a small, private, coeducational university with approximately 3,900 undergraduates, 1500 graduate students, and 425 full-time faculty members. The University is located in the Oakland area of Pittsburgh, five miles east of downtown.

CMU is composed of six colleges: Carnegie Institute of Technology (engineering), Mellon College of Science, College of Humanities and Social Sciences, College of Fine Arts, Graduate School of Industrial Administration and School of Urban and Public Affairs.

Carnegie Institute of Technology offers degrees in the following engineering majors: chemical, civil, electrical, mechanical, and metallurgical engineering and materials science. Undergraduate engineering students may also study engineering and public policy, biomedical engineering, and nuclear science and engineering as part of a double major.

Students who enter the NSPE competition, in addition to following NPSE procedures, should write directly to the Carnegie-Mellon University, Director of Financial Aid, 5000 Forbes Avenue, Pittsburgh, Pennsylvania 15213, indicating interest in an engineering program so that full details can be sent on admission procedures and financial aid.

NSPE - The John Hopkins University - Merryman Hall, Baltimore, Maryland 21218. 1 Special Opportunity Scholarship (full tuition for each of four years).

John Hopkins offers one full-tuition scholarship for an outstanding minority student interested in any field of engineering offered at the G. W. C. Whiting School of Engineering. Selection is on the basis of the candidate's academic achievement and potential. A student's financial status is not taken into consideration, and if the recipient has additional financial need he or she may receive further aid from the University. The scholarship will increase each year by the same amount as tuition is increased. Final selection is made by the Admissions Committee.

NSPE - Prairie View A & M University - College of Engineering, P. O. Box 2521, Prairie View, Texas 77445. 3 Scholarships for Minority Persons; 3 Unrestricted Scholarships ($1,000 a year for 4 years).

The scholarships are titled engineering honors scholarships. They offer $1,000 per year to assist the student in defraying his or her tuition fees, room and board. The scholarships are renewable each year provided the student maintains an overall grade point average of 3.0 out of 4.0.

The applicant shall rank in the top 20th percentile of his or her high school graduating class. The applicant shall have an SAT score of 1,100 or above or a comparable ACT score.

Prairie View A & M University is part of the Texas A & M University system. It offers undergraduate and graduate programs in 8 colleges and a graduate school. Its mission is geared to instruction, research and public service. Its focus is on the development of the total student.

The College of Engineering in one of the major academic units of the university. It offers undergraduate programs leading to a bachelor of science degree in the disciplines of civil engineering, chemical engineering, electrical engineering, industrial engineering and mechanical engineering. It also offers the professional degree in architecture. It conducts a graduate program in engineering which leads to the master of science in engineering.

Further information may be obtained by writing the Dean of the College of Engineering at the address above.

Southland Corporation (7-11 Stores) - Dallas, Texas. Black, Hispanic or other ethnic minority accepted at four year school, full time. Deadline: June 15.

Texas Scholarship Program for Ethnic Recruitment - Students whose ethnic group comprises less than 40% of the enrollment at a particular Texas institution may be eligible for a scholarship from that institution. Entering freshmen must attain an SAT score of at least 800 or an ACT score of at least 18, and transfer students must have a grade point average of at least 2.75. The minimum and maximum awards are $500 and $1,000 respectively, on a one-time basis. Interested minority students should contact the financial aid director at the public senior college in which they plan to enroll.

The Allstate Foundation provides nursing education scholarships annually to approximately 300 young persons. Funds are awarded through various schools of nursing and through some constituent leagues for nursing. (Addresses are available from Allstate Foundation, Allstate Plaza, Northbrook, Illinois 60062 or the director of the school of nursing where you have been accepted.) Scholarships provide funds to meet tuition charges in hospital and college schools of nursing. Allstate also provides Human Care Services Awards at George Williams College, 555 31st Street, Downers Grove, Illinois 60515.

American Medical Technologists' Scholarship Program offers five scholarships of $250 each to high school graduates interested in pursuing medical technology or medical assisting studies. Awards are based primarily on need, with consideration given to goals, school grades, activities, experience and personal references. Applicants must be enrolled, or contemplate enrolling in a school accredited by the Accrediting Bureau of Health Education Schools (list available by contacting the ABHES, 29089 U. S. 20 West, Elkhart, Indiana 46514), or enrolled or contemplate enrolling in a college, university or junior college medical technology or medical assisting program. Applications and supporting documents are available from AMT, 710 Higgins Road, Park Ridge, Illinois 60068.

American Mensa Education and Research Foundation - Region 9 (Los Angeles/San Diego), 5348 Middleton Road, San Diego, California 92109.

The American Society for Metals Foundation for Education and Research sponsors $500 undergraduate scholarships for students in metallurgy who are attending colleges or universities and are citizens of the United States, Canada, or Mexico. For information write: American Society for Metals, Metals Park, Ohio 44073.

The American Society of Heating, Refrigeration, Air Conditioning Engineers, Inc. offers a grants-in-aid to a full-time student of ASHRAE-related technologies to encourage students to continue preparation for service in the industry. An application is made on the student's behalf by a faculty advisor. Up to $6,000 may be awarded during a calendar year. Applications are available from the Director of Research, American Society of Heating, Refrigeration and Air Conditioning Engineers, Inc., 1791 Tullie Circle, N. E., Atlanta, Georgia 30329.

ASMT Education & Research Fund, Inc. provides a scholarship to medical technology students who have completed the first semester of their sophmore year. This scholarship will be paid in equal installments to one recipient for the junior and senior year in college. The Fisher and the Graduate Specialty Scholarship applications are available from the ASMT Education & Research Fund, 330 Meadow Fern Drive, Houston, Texas 77067.

California Association for Aerospace Education - Two scholarship options. For details write Mr. Joseph G. Hamm, Air Youth Day, Institute of Technology, Inglewood, California 93006. Deadline: May 25.

California Labor Federation AFL-CIO - 995 Market Street, Suite 310, San Francisco, California 94103.

California Student Aid Commission - 1410 Fifth Avenue, Sacramento, California 95814.

Applicants must be residents of California, United States citizens, or have permanent resident status, and must not have completed more than one semester of college as a full-time student or more than 16 semester units as a part-time student by the end of the academic year in which they apply for assistance.

Although not exclusively, the College Opportunity Grants are for high potential students from ethnic or low income families who, without adequate financial support would be unable to gain access or persist in a post-secondary educational program. Income levels have been set and students from families with incomes above these levels are not eligible. The levels currently are: one to four children, $11,000; five children, $11,500; six children, $12,000; etc.

College Opportunity Grants are for subsistence during attendance at California Colleges; tuition is authorized only in a few exceptional cases in the freshman year and is provided in the second, third, and fourth years of college. Approximately 4,500 new College Opportunity Grants are awarded annually.

Club Managers Association of American maintains undergraduate scholarships for students enrolled at colleges and universities offering courses in Hotel, Restaurant and Institutional Management. These scholarships are normally made available to students who have completed at least one year of undergraduate work.

Information can be obtained by writing: the Club Managers Association of America, 7615 Winterberry Place, Washington, D. C. 20034.

Council on Interracial Books, Books for Children, Inc. - 1841 Broadway, New York, New York 10023. Contest for Unpublished Third World Writers. Applicants must be African American, Chicano, Asian American, Native American, or Puerto Rican writers who are previously unpublished in the children's book field. Any literary form except plays may be submitted, and manuscripts for any age level are acceptable. All works will be judged according to relevancy to minority struggles for liberation, authenticity of culture and characters, positive images for young readers, anti-racist and anti-sexist themes, and literary merit.

Five prizes of $500 each are awarded.

The purpose of this contest is to encourage the publication of children's books that relate to Third World perspectives and liberation struggles. The Council endeavors to reach an increasing number of Third World peoples with children's books which are more relevant to today's struggles and which reflects the realities and aspirations of a multiracial society. The Council helps minority writers to find publishing outlets, but does not act as an agent and does not accept payment for its services.

Manuscripts are judged by members of the writer's own minority group. All entries must be at the Council office by December 31; the decision of the judges will be announced by March.

Apply for information or application to above address.

Dental Laboratory Technology Scholarships are one-year scholarships, ranging from $500 to $600. A scholarship may be renewed for a second year if the student satisfactorily completes the first year and funding is available. For information write to: American Fund for Dental Health, Attention: Director of Programs, Suite 1630, 211 East Chicago Avenue, Chicago, Illinois 60611.

Dental Teacher Training Fellowships are available through a program established by the American Fund for Dental Health to develop more dental school teachers. The majority of the recipients under this program take a two year course beyond dental school leading to a master's degree. For information write: American Fund for Dental Health, Attention: Director of Programs, Suite 1630, 211 E. Chicago Avenue, Chicago, Illinois 60611.

The Dow Jones Newspaper Fund, Inc. lists more than $3 million in financial aid from universities and colleges, newspapers, professional societies and journalism-related organizations for students majoring in journalism/mass communications. Single copies of the Guide are available at no charge to interested individuals. The Fund operates two editing internship programs: the Newspaper Editing Intern Program for college juniors and the Minority Editing Intern Program for college seniors.

The internships offer students the opportunity to earn scholarships after successfully completing a summer of paid employment as a copy editor on a daily newspaper. The Fund also sponsors Urban Journalism Workshops that are designed for inner-city minority high school students.

For information and a copy of the Journalism Career and Scholarship Guide, write the Dow Jones Newspaper Fund, P. O. Box 300, Princeton, New Jersey 08540.

The Education Council of the Graphic Arts Industry, Inc., Council's National Scholarship Trust Fund awards scholarships for studies in printing management, printing technology and graphic arts education. Inquiries may be requested by writing: 4615 Forbes Avenue, Pittsburgh, Pennsylvania 15213. Attn: NSTF.

Educational Communications Scholarship Foundation provides a minimum of 50 awards annually of $1,000 each. Semi-finalists are required to write an essay which is evaluated by committee. Some consideration is given for need for financial aid, but this is not a major factor. Applications may be obtained in most high school guidance offices or write directly to: Education Communications Scholarship Foundation, 721 N. McKinley Road, Lake Forest, Illinois 60045.

The Elks Foundation Scholarship Awards are available to any student in the graduating class of high school or its equivalent who is a citizen of the U. S. and a resident within the jurisdiction of the Benevolent & Protective Order of the Elks. Scholarship, leadership and financial need are the criteria by which applicants will be judged. Application blanks should be obtained from an officer of the local Elk Lodge or the Secretary of the State Elks Association and must be filed on or before February 10 with the Secretary or Lodge Foundation Chairman of the B. P. O. Elks Lodge in the city in which the applicant is a resident.

Entomological Society of America annually awards one $1,000 undergraduate scholarship sponsored by Bio Quip Corporation. Portions of the award are paid at the beginning of each semester or term. Students from Mexico, Canada or the United States must be undergraduates pursuing a course of study in Entomology or a related field (Biology, Zoology, etc.) and show an interest in the Science of Entomology. To apply, sent two letters of recommendation; the first letter should be someone acquainted with your scientific qualifications and experience and the second one from one who could attest to your need of financial assistance. Application deadline is June 12 each year. To submit an application or for further information write: Entomological Society of America, 4603 Calvert Road, College Park, Maryland 20740.

Institute of Food Technologists administers fellowships and scholarships to students pursuing a program leading to a degree in the general field of Food Technology or Food Science. Winners must be enrolled in an IFT approved U. S. or Canadian educational institution. Graduate fellowship winners may be enrolled in any U. S. or Canadian educational institution that is conducting fundamental research in food science or technology.

Booklet, IFT Scholarship Fellowship Program and applications are available from IFT Scholarship Department, 221 N. LaSalle St., Suite 2120, Chicago, Illinois 60601, or, from Department Head of approved institution.

The International Chiropractors Association provides funds directly to student ICA Chapters for their distribution of scholarships and educational assistance to students desiring to pursue chiropractic as a career. Upon request, ICA will send a list of Chiropractic Colleges. Write to the International Chiropractors Association, Commission on Education, 1901 "L" St., N. W., Suite 800, Washington, D. C. 20036.

The **Jostens Foundation,** the grantmaking body of the Minneapolis corporation known for producing class rings and yearbooks, offers grants emphasizing programs to aid youth aged 12 to 24.

The foundation has supported local and statewide economic education research and youth development projects, as well as funding for the sixth year of "A Better Chance," a national program to place urban minority students in private schools.

Application deadlines: The Jostens Foundation reviews proposals on the third Thursday in January, March, May, July, September and November. Proposals must be received by the last day of the month preceding the review date.

Contact Ellis F. Bullock, Jr., Jostens Foundation, Inc., 5501 Norman Center Dr., Bloomington, Minnesota 55437; 612/830-8429.

Kappa Kappa Gamma Fraternity awards scholarships to female citizens of the U. S. or Canada who are juniors or seniors in college or graduate students working towards a degree in the field of rehabilitation. Applicants must have completed two years of study on a campus where there is a chapter or be a graduate student. Scholarships are granted to assist in preparation for work with the mentally retarded, physically handicapped, socially deprived, emotionally disturbed and the aged.

Details are available by sending a self-addressed stamped envelope to Kappa Kappa Gamma Fraternity Headquarters, P. O. Box 2079, Columbus, Ohio 43216.

The Material Handling Education Foundation, Inc. awards scholarships to students enrolled in accredited program(s) that includes an emphasis in material handling through direct and related courses and through independent study. To be eligible, students must be beyond their second year of a Bachelor's program or beginning graduate study, U. S. citizens and maintaining at least a "B" average. Applications are available from faculty members at approved institutions.

The National Board of Civil Air Patrol has authorized scholarships to be awarded to Civil Air Patrol members each year in the following categories: Undergraduate, Advanced Undergraduate, Graduate and Technical/Vocational Scholarships. Information and forms may be secured from Civil Air Patrol Unit Commanders or from National Headquarters, Civil Air Patrol/TT, Maxwell AFB, Alabama 36112.

NAACP Special Contribution Fund - 1790 Broadway, New York, NY 10019. Roy Wilkins Scholarship Program. Candidates must provide a formal letter of application including aspects of their personal background which they believe may be pertinent and a brief discussion of their educational and professional goals and high school or college transcript, whichever is more recent.

Evidence of intellectual curiosity and creativity, leadership potential, and financial need is required. Applicants must submit a copy of the Parent's Confidential Statement or Student's Financial Statement. A letter from the institution to be attended stating the amount and kind of financial aid to be awarded and a statement from the college's financial office that lists usual expense for room, board, books, etc., must also be submitted.

The National Association of Secondary School Principals and the National Honor Society provide scholarships to high school seniors who are members of the National Honor Society. Application is made through local chapters in February. Awards are announced in May. Scholarships may be used in any accredited college, university or school offering a degree.

For information, contact the school principal in September or write to: The National Association of Secondary School Principals, 1904 Association Drive, Reston, Virginia 22091.

The National Easter Seal Society has limited scholarships available. Specific information may be obtained from the Scholarship Coordinator, National Easter Seal Society, 2023 Ogden Avenue, Chicago, Illinois 60612, or call 312/234-8400.

National 4-H Council offers more than 270 4-H college scholarships with a range from $500-$1,500. The majority are open only to current 4-H members who have won state honors in specific 4-H projects. Other college scholarships are available to present or former 4-H members now enrolled in college. Applicants for the latter should have an interest in the following: animal science, veterinary medicine, forestry, or agricultural business, economics and marketing. For information write to State 4-H Leader at the State Land-Grant University. A list of these leaders may be obtained from the National 4-H Council, 7100 Connecticut Avenue, Chevy Chase, Maryland 20815.

National Institute for the Food Service Industry administers the following scholarship programs for students who are interested in a management career in the food service industry including hotel, restaurant, and institutional management:

H. J. Heinz Company Scholarship Program

A. Junior/Community College Scholarship Award. For high school graduates enrolled or planning to enroll in a program leading to an associate degree in food service management at a junior/community college. Three scholarships at $1,900 each awarded annually. Basic amount of $1,300 per year is given for two years. Winners are expected to find summer employment related to food service management.

B. Senior College Scholarship Award. For students completing their second year in food service education in a four-year institution or those in a two-year program who wish to continue at a four-year institution. Seven scholarships at $2,600 each are awarded annually. Basic amount of $950 per year is given for two years. Winners are expected to find summer employment related to food service management.

C. Graduate Degree Fellowship. One fellowship at $2,000; one fellowship at $1,200; and five fellowships at $1,000 each are awarded on a competitive basis to teachers and administrators enrolled in academic programs leading to a master's or doctorate's degree to improve skills in teaching or administering food service career education.

Golden Plate Scholarship Program

Sponsored by International Food Service Manufacturers Association - offers approximately 100 awards to students enrolled or planning to enroll in a food service program in a junior/community college, senior college or graduate school. The amount of each scholarship is $750. Awards are for one academic year.

Further information and applications may be obtained from: National Institute for the Foodservice Industry, 20 North Wacker Drive, Suite 2620, Chicago, Illinois 60606.

National Merit Scholarship Program - Department of Educational Services, 990 Grove Street, Evanston, Illinois 60201.

The purposes of the National Merit Scholarship Program are to identify and honor able high school students and to provide college scholarships for a sizable number of them each year. To compete for scholarships and to receive recognition in the Merit Program, a student must:

1. be a United States citizen or intend to become a U. S. citizen as soon as qualified to do so.
2. be enrolled full time in secondary school and making normal progress toward meeting the requirements for graduation or completion;
3. plan to attend a regionally accredited college in the United States upon completing high school and to enroll full time in a course of study leading to one of the traditional baccalaureate degrees; and
4. take the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) at the proper time in high school, regardless of grade classification.

National Scholarship Trust Fund Graphic Arts Technical Foundation - fifty or more scholarships for high school seniors or recent graduates interested in careers in the printing, publishing, and packaging industries: printing management, printing technology, and graphic arts teaching.

National test scores required, SAT, PSAT/NMSQT or ACT.

Contact: National Scholarship Trust Fund, Graphic Arts Technical Foundation, 4615 Forbes Avenue, Pittsburgh, Pennsylvania 15213; 412/621-6941.

National Society of Women Engineers - San Diego State University, San Diego, California 92128. For women entering college wishing to pursue an engineering career.

Nurses' Educational Funds is an organization which grants scholarships to registered nurses pursuing further study through degree programs. Men and women who are members of The American Nurses Association and who qualify for these awards study in nursing programs accredited by the National League for Nursing in colleges and universities of their choice.

Write for application forms or additional information to Nurses' Educational Funds, 555 West 57th Street, New York, NY 10019.

The Rotary Foundation Scholarships are available to graduate or undergraduate students, journalists, or teachers of the handicapped. Vocational scholarships are also available for artisans, technicians and professionals who have been employed in a technical or professional field for at least 2 years. Age limit requirements vary with each scholarship. All scholarships are for one academic year in a country other than the recipient's own and they provide for school fees, room and board, round trip airfare between home city and place of study and expenses for limited travel during the year. Contact your local Rotary Club for details.

RCA Corporation maintains one or more undergraduate scholarships at more than 30 colleges and universities. These scholarships, normally made available to students who have completed at least one year of undergraduate work, are available in the fields of physical science, engineering, broadcast journalism, industrial relations, business economics, telecommunications and procurement/materials management. The selection of scholars is made by the college or university. Students already enrolled should apply to the Scholarship or Financial Aid Officer for further information.

Science Talent Search, conducted by Science Service and sponsored by the Westinghouse Electric Corporation and the Westinghouse Educational Foundation, annually offers scholarships for boys and girls in their last year of high school. Awards are based on high school records, national test scores, recommendations of high school teachers, a thousand-word report on an independent science research project by the student and interviews by judges of the forty finalists at the Science Talent Institute in Washington, D. C.

Detailed information is available from Science Service, 1719 N Street, N. W., Washington, D. C. 20036.

The Theodore A. Sennill Journalism Scholarship is offered annually by the National Newspaper Foundation to a junior or senior enrolled full-time in an accredited sequence of journalism. The scholarship program is designed to encourage study in the print media field. The student must have at least a B average and a recommendation by the Dean, Director or Department Head of the school in which he/she is enrolled. Write for an application to Selection Committee, Sennill Scholarship, National Newspaper Foundation, 1627 K Street, N. W., Suite 400, Washington, D. C. 20006.

The Society of Exploration Geophysicists Foundation offers numerous scholarship opportunities to students who intend to pursue a college course directed toward a career in Geophysics. Scholarships ranging from $750 to $1,000 annually are available to students wishing to enter college, already in college and at the graduate level.

Information may be secured from the Society's Scholarship Committee, P. O. Box 3098, Tulsa, Oklahoma 74101.

The Society of Naval Architects and Marine Engineers annually awards undergraduates scholarships to encourage study in naval architecture and marine engineering or closely related fields. All applicants must be citizens of either the United States or Canada.

Undergraduate Awards are to be applied for by contacting one or more of the following schools directly: University of California (Berkeley); University of Michigan (Ann Arbor); Massachusetts Institute of Technology (Cambridge); State University of New York Maritime College (Fort Schuyler) and/or Florida Atlantic University (Boca Raton, Florida).

Soroptimist International of the Americas Youth Citizenship Awards are offered to high school seniors demonstrating good citizenship qualities. Citizenship qualities include integrity, worth and ability, and encourage youth to develop the highest concepts of patriotism and effective cooperation in home and community affairs.

For information, contact Soroptimist International of the Americas, 1616 Walnut Street, Philadelphia, Pennsylvania 19103.

Student Opportunity Scholarships are for young persons of limited opportunities and members of racial/ethnic groups who are related to the Presbyterian Church (U.S.A.), and entering college as incoming freshmen. Those eligible should write to Student Opportunity Scholarships, Presbyterian Church (U.S.A.), 475 Riverside Drive, Room 430, New York, NY 10115.

Texas Rural Medical Education Program The Board was created for the purpose of issuing loans, grants and scholarships to Texas residents who are accepted by or are attending an accredited medical school listed by the World Health Organization and who have a desire to practice medicine in a rural area of Texas. The Board will give preference to qualified applicants who are unable to pay tuition and expenses. Texas residents attending medical schools in Texas are given priority over Texas residents attending medical schools within the United States and outside of the United States. The applicant must enter into a contract with the State of Texas. For each year of medical practice in a rural area of Texas, one-fifth of the loan and interest is credited to the borrower. After five years of rural practice, the loan is fully paid and the contract with the State of Texas is fulfilled.

For information write State Rural Medical Education Board, Southwest Tower Building, 211 East Seventh Street, Austin, Texas 78701 or call 512/475-0801.

The Harry S Truman Memorial Scholarship Program awards scholarships, through nationwide competition, to persons who demonstrate outstanding potential for and who plan to pursue a career in public service. Scholarships shall not exceed four academic years; neither shall they exceed the cost of tuition, fees, books, room and board, or $5,000, whichever is less, for each year of study. Recipients must be college juniors in the initial year of the award. Each state shall be assured at least one recipient each year, and the scholarships may apply to any institution of higher education offering courses of study or training to prepare persons for a career in government. The institution's nominations must be forwarded to the Foundation by December 1. Truman Scholarship Foundation, 712 Jackson Place, N. W., Washington, D.C. 20006.

Western Golf Association sponsors the Evans Scholars Foundation, which annually awards approximately 200 four-year scholarships to qualified caddies. Eligibility for Evans Scholarship: (1) Candidates must have completed junior year in high school and rank in upper 25% of class; (2) must have caddied for a minimum of two years; and (3) must require financial assistance to attend college. Applications are available by writing to Western Golf Association, Golf, Illinois 60029.

The Westinghouse Educational Foundation sponsors the following awards annually:

The Science Talent Search - forty awards. The student should request his science teacher to write to Science Clubs of America, 1719 N Street, N. W., Washington, D.C. 20036 to obtain information and application forms.

4-H Electric Program - 4-H club members should contact their local 4-H leader or County Extension Agent for information and application.

Bertha Lamme Scholarship - three $1,000 scholarships awarded to young women entering engineering as freshmen. For information write Society of Women Engineers, United Engineering Center, Room 305, 345 East 47th Street, New York, NY 10017.

National Achievement Scholarship Program for Outstanding Negro Students - five $1,000 scholarships. Information may be obtained through the National Merit Scholarship Corp., One American Plaza, Evanston, Illinois 60201.
